1. High upon the mountain side, there's a cloud so white in the sky.
There is the kangding town. The town is covered
in silver moonlight. Moonlight shines bright, over kangding town.

2. There's a maid with a sweet smile. She is Li the woodcutter's
daughter. Zhang blacksmith's eldest's son, came to court her in
moonlight. Moonlight shines bright, a courtship in moonlight.

3. First, he has fallen in love with her. She has good skills and
beautiful. Second, he has fallen in love because she can take care
of the family. The crescent moon, can take care of the family!

4. Lovely maidens of the world, I cannot but love you. Males of
the world, they cannot but court you. Moonlight shines bright, they
cannot but court you.
